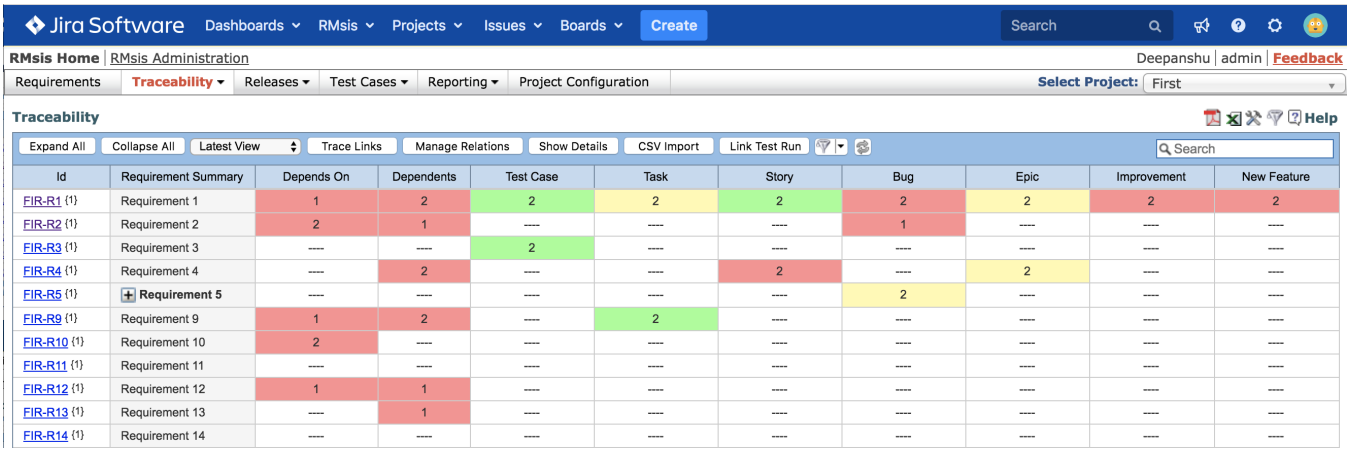
Summary and Detailed Views in Traceability

User can switch between Summary and Detailed views in Traceability. The latter provides lot of convenience, since the associated artifacts can be identified without any mouse clicks. The following two images show both views of the same screen:



Id	Requirement Summary	Depends On	Dependents	Test Case	Task	Story	Bug	Epic	Improvement	New Feature
FIR-R1 {1}	Requirement 1	1	2	2	2	2	2	2	2	2
